

Welcome to the Spring 2021 Collection

A huge amount of work goes on behind the scenes to source, prepare, ship and import the rare and beautiful bikes we send from Japan. This time with Covid restrictions and a lack of containers in the far east, it has been particularly challenging so I am truly delighted to be able to share with you our latest wonderful consignment.

From charming Chalys, to a majestic Vulcan 900, through some classic Super Cubs, a highly collectable Monkey Baja and even a trike, we think there is something for everyone here. Oh, and some enduros . . . a VFR . . . a 1968 Hunter Cub . . . anyway, enjoy!

Even if you don't have room in your garage for any more toys right now, we hope you will have some fun flipping through the photos beneath. And if you do find anything that tickles your fancy, you know what to do.

Happy trails and we look forward to seeing as many of you as possible in the flesh some time soon.
